Valvola termostaticabile angolo M1/2"×3/4"EK mono/bitubo con by-pass e detentore. Interasse 40mm.
Angle thermostatic mono/bitube valve M1/2"×3/4"EK with by-pass and lockshield.
Distance between connections 40 mm.

Valvola termostaticabile diritta M1/2"×3/4"EK mono/bitubo con by-pass e detentore. Int.40mm
Straight thermostatic mono/bitube straight valve M1/2"×3/4"EK with by-pass and lockshield.
Distance between connections 40 mm.

CARATTERISTICHE - FEATURES

- Corpo calotta e codolo ottone CW617N.
- Componenti interni ottone CW614N
- Volantino in ABS.
- guarnizione tenuta O-ring: EPDM
- finitura superficiale bianco TB, nero NN.
- filettature ISO 228/1
- PN 10: TEMP. : -10°C ÷ 100°C

- *brass CW617N body, tail and nut.*
- *Brass CW614N internal components.*
- *ABS cap*
- *Sealing gasket O-ring: EPDM*
- *White finishing TB, Black finishing NN.*
- *threading to ISO 228/1.*
- *PN 10: TEMP. : -10°C ÷ 100°C*
